

CS-4

Production Case for 442/442N Mixers

The CS-4 is a high-quality production case for Sound Devices 442 field production mixers. Designed and built for Sound Devices by Camrade, the CS-4 has a mixer compartment plus an integrated accessory compartment sized for wireless transmitters, receivers, or portable recorders. Additionally, there is a lower compartment suitable for an NP-type battery. The CS-4 can be used over the shoulder with the included leather shoulder strap and can connect to third-party accessory cases. Additionally, Sound Devices CS-3 can be attached to the CS-4 for larger production applications.

FEATURES

- Padded, durable nylon with internal reinforcements for shock resistance, durability, and temperature insulation
- Properly balanced with or without an NP-type battery
- Integrated accessory compartment can hold wireless transmitters, receivers, or recorders
- Battery compartment holds an NP-type battery below the unit
- Comfortable, adjustable length, padded leather strap
- Loop mounts for attaching third-party wireless cases or to combine with Sound Devices CS-3 bag
- Includes both a removeable windowed cover with side access and a canvas cover for transportation and storage
- Covers can be rolled back and held with hook and loop fastener
